

**A life-changing opportunity:**  
Board Treasurer,  
Friends of AfriKids, Inc. Board of Directors

We believe in the rights of all children, everywhere and that they should be valued, protected and met by all.

We exist to make this the reality for children in northern Ghana, where more than half of all families live in poverty and 1 in 15 children die before their 5<sup>th</sup> birthday. Our award-winning work keeps thousands of children happy, healthy, safe and in school every year.

Everything we do is led by local staff with the simple approach of listening to their communities and empowering them to make sustainable changes themselves.

By working with all levels of society - from parents and community groups, to the government and private sector - we ensure **child protection, education** and **health** systems work for all children, especially the most vulnerable. Ultimately, this is helping families break the cycle of poverty for good.

### How we break the cycle of poverty

#### We empower children

to secure their own futures by building their knowledge and confidence, teaching them about their rights and giving them a voice in decisions that affect them.

#### We put communities on their feet

By helping families to grow their income and educating communities to value, protect and meet the rights of all children, now and in the future.

#### We demand that government delivers

By strengthening and influencing authorities and other agents to improve child protection, education and health services and ensure they reach all children.

### Locally-led solutions

All of our projects are designed and delivered by a team of local staff and volunteers who have the expertise, dedication and trust of their communities to make real change happen.

.....

### Making changes that last

If it's not sustainable, it's not development. All of our work empowers local people to make changes themselves that they can sustain without our ongoing support.

.....

### Steadfast principles

Our robust policies and procedures ensure we are transparent and accountable for everything we do and that we protect and uphold the dignity of the people we exist to serve.

# Our 2021-2025 strategy: Making Ghana a beacon for child rights

More than half of all families in northern Ghana live in poverty and 1 in 15 children die before their 5th birthday. You can help us change that.

Ghana is committed to achieving 17 highly ambitious Sustainable Development Goals (SDGs) by 2030, including 35 targets specifically related to children. A progress report published in 2019 reveals that things are moving in the right direction, but that “we are far from where we need to be”.

The SDGs are embedded in Ghana’s national development plans and budget and impressive policies and measures are in place, working hard towards these life-changing goals. Nationally, poverty, malnutrition, maternal mortality, and under-5 mortality have all declined and there has been an increase in access to health services and school enrolment, with boys and girls now equally starting school. Though progress, especially for some of the poorer regions, this is still behind target.

The biggest barrier to Ghana achieving the SDGs are the challenges with “leaving no one behind” - in other words, reaching those in the poorest communities.

This is where AfriKids is making a difference. Since 2002, AfriKids has been a force for change in some of the poorest communities of northern Ghana. With a simple philosophy of listening to local people and empowering them to make sustainable changes themselves, we have improved the lives of hundreds of thousands of vulnerable children. Our locally-led approach has found effective solutions to some of the most complex issues, including child marriage, trafficking and the killing of “spirit children”, all in some of the “hardest to reach” communities.

Now we need to take these solutions to scale.

Over the next five years, our ambitious strategic plan will bring our life-changing projects to more communities across northern Ghana, creating happier childhoods and brighter, more secure futures which contribute to the country’s continued socioeconomic development.

With almost two decades of experience, we are now ready to share our highly developed solutions for tackling complex issues faced by children in marginalised rural settings. By sharing our models, they can be replicated by others and ultimately, we can reach more children faster - helping to put Ghana on track to achieve the SDGs and **become a beacon for child rights**.

# A force for change: the Friends of AfriKids, Inc. Board

Over the next five years, AfriKids will make huge strides in helping Ghana become a beacon for child rights. The Friends of AfriKids, Inc. Board will be fundamental to making this vision a reality.

## The mission of Friends of AfriKids, Inc

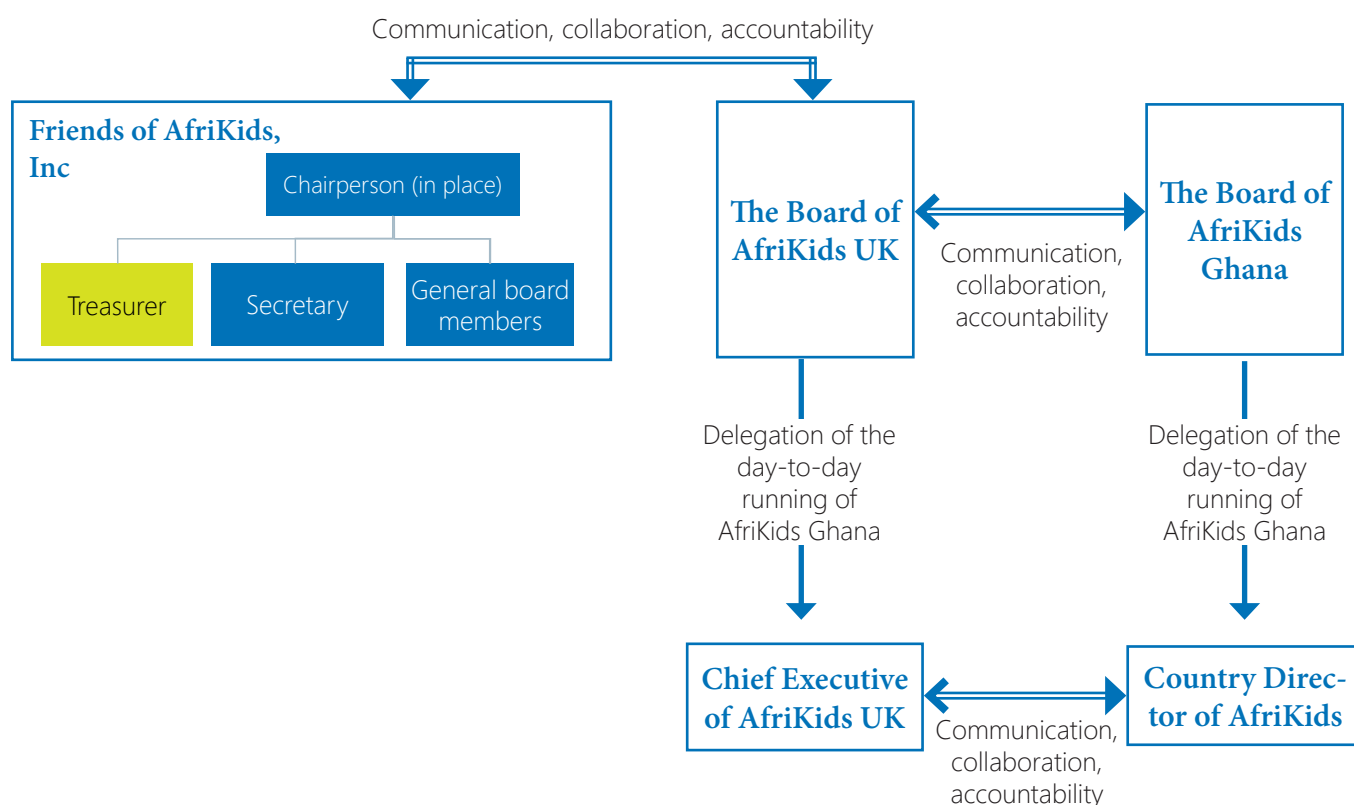

Friends of AfriKids, Inc (FoA) was registered in the United States in 2011 in order to leverage transformational support for AfriKids Ghana through donations from individuals, companies and grants in the USA. We are 501(c)(3) registered so US taxpayers can claim tax relief on their donation, and an active bank account is in place to accept donations.

Friends of AfriKids, Inc. works in partnership with AfriKids UK and AfriKids Ghana, two separately registered organizations with different management teams and boards of Directors. AfriKids Ghana, based in Bolgatanga, northern Ghana, was registered in 2005 and its development has been supported by AfriKids UK, which was registered in 2002 and is based in London.

AfriKids is now moving into a critical phase of development, building on the success and insight of the last twenty years to bring health and happiness to Ghana's most vulnerable families. This includes a visionary new district level approach, the formation of world-leading impact measurement systems, a sustainability and advocacy strategy to encourage replication of our model in order to reach 1 million people by 2025, and a refined fundraising strategy to diversify our income so we can achieve our ambitious goals, including fundraising in the US.

Friends of AfriKids Board members will play a vital role in helping us to achieve these goals, facilitating AfriKids' scale-up in Ghana and helping to build a platform that can sustainably support Ghana to meet the Sustainable Development Goals by 2030 and secure better protection, health and education for children in Ghana.

Friends of AfriKids, Inc is currently a small organisation with annual receipts of less than \$50,000, however the opportunity for growth - leveraging transformational support in the US to help achieve our goals - is significant. The Friends of AfriKids, Inc. board currently has three directors, two of whom are stepping down following their term on the board. We are therefore recruiting a Treasurer and Secretary to join the existing Chairperson, together helping to take AfriKids to the next level.

## Role Description

### Board Treasurer, Friends of AfriKids, Inc

As the Board Treasurer of Friends of AfriKids, Inc. you will help transform childhoods in one of the poorest parts of the world.

The Board Treasurer will work with the existing Chairperson and new Friends of AfriKids, Inc. Secretary to deliver Friends of AfriKids' exciting objectives and provide leadership for our fundraising in the USA.

Please note that Friends of AfriKids, Inc. is currently a small organisation generating less than \$50,000 annually through a small number of donors and grantmakers. However, given the significant opportunity to leverage transformational funding in the US, annual receipts are expected to grow over the next 1-3 years..

We will process your personal data in accordance to AfriKids' Privacy Policy which can be found on our website ([www.afrikids.org/privacy-policy](http://www.afrikids.org/privacy-policy)).

# Our Principles

## We are truly local

Our team of local staff in Ghana design and run all of our life-changing programmes from start to finish. Qualified, experienced professionals, they have a deep, personal commitment to improving life for children in their communities, and being known and trusted by the communities they work in is what makes them so effective, especially with some of our most complex work changing traditional beliefs. Fundraising and donor due diligence is led from the UK, but all to support local people delivering the right solutions in their own communities.

## We are transparent and accountable

We are fiercely committed to 100% accountability for all of the money we receive and spend in the UK and Ghana. We maintain robust governance policies and procedures including regular internal and external audits to ensure this. We publish independently audited accounts annually and encourage donors to ask us anything, anytime.

## We Say No to Pity

We will not trivialise the injustice of poverty or compromise the dignity of anyone we work with through pity advertising or by using inappropriate images or language when discussing sensitive issues. We hope sharing the positive stories of how our work is making a difference will inspire people to help us do more.

## We listen

Our programmes are developed by listening to what local people tell us they really need. Our exceptional stakeholder consultation gives every level of society a say on what we do, and gives us a clear view on what the government and other actors are doing. This ensures our projects are always truly needed, wanted and bought into by everyone it takes to make them work.

## We empower

Our approach is always to help children, families and communities help themselves. Our projects bring people together, equip them with knowledge and show them how to make and demand the changes needed for all children to have a better life in northern Ghana.

## We sustain

If it's not sustainable, it's not development. For us, this means two things:

### Addressing the root causes of issues as well as the symptoms

As well as providing direct support to children at risk now, we are also improving the education, child protection and healthcare systems of northern Ghana, to stop suffering in the first place, and improve every child's start in life.

### Creating changes that are sustainable without ongoing aid

All of our projects create change by educating local people and empowering them to make changes themselves. This way the changes we help make with each new project become permanently embedded, and continue to benefit children long after our involvement ends. While there is a lot of work to be done and making permanent changes take time, our projects will evolve and move, rather than create dependence on us and aid funding for changes to be sustained.

This is how we are helping people secure better futures for children that ultimately don't rely on aid.

## We respect people and planet

We work together with communities to end harmful traditional practices and protect children, while respecting local culture, heritage and environment.

We are conscious to minimise the impact of our operations on the environment and employ a reduce, reuse and recycle approach.

## We always want to do better

An ethos of learning and improving is ingrained in everything we do, from supporting training for all of our staff to continuously developing our Monitoring, Evaluation and Learning tools to measure our impact and inform our strategy. We welcome feedback from all of our stakeholders.

# Our Fundraising Values

Our four fundraising values are the qualities and standards that guide our conduct (how we “behave”) in raising funds. Underpinning our Integrity value is our registration with the Fundraising Regulator and compliance with its Code of Fundraising Practice.

## Integrity

We aspire to deliver the best in class; to be impactful, to be honest, to be respectful and to be accountable for all we do. We always act in the best interests of the children and communities we serve and we never compromise their dignity.

Specifically:

- We will never do anything we are not proud of
- We treat others with compassion
- We set clear expectations and systematically account for them

## Community

We nurture a culture of openness and listening, providing inspirational donor experiences and building quality, long-lasting relationships.

Specifically:

- We build a community that is as equitable, diverse and inclusive as possible
- We are friendly, polite, positive to everyone
- We skilfully and respectfully challenge and resolve issues
- We work together united in passionate service to our mission
- We invite people in and make them feel welcome and valued for their unique contribution

## Ambition

We are bold in our approach and will always find creative solutions to broaden our reach. We will always challenge ourselves, so our supporters remain engaged to ensure our lasting impact on the lives of more children in Ghana.

Specifically:

- We will set and deliver ambitious goals
- We take measured risks
- We commit time to finding inspiration to enable creative solutions

## Agility

We are responsive to our environment and we adopt adaptive approaches that enable us to secure sustainable long-term funding.

Specifically:

- We commit to continuously analyse our internal and external environment to inform our decisions
- We follow lean processes to innovate new products, systems and ways of working
- We will regularly ask ourselves if we are operating in the most efficient and impactful way
